

Bacchus Beyond Discover Tasting

Italy: Boot & Islands

Italy produces a huge range of wines some of which are very familiar, while many others are not well known in the UK. Our **Italy Boot & Islands** tasting has been designed to showcase the exciting grape varieties and wines from the south of Italy where summers are hot and grapes ripen to give intensive flavours and colours. If you've glugged (fff fff fff) Chianti in raffia bottles, dabbled in Barolo or Barbaresco, quaffed Prosecco or enjoyed a large glass of the House Pinot (Grigio) but have not had the chance to try the delights of Fiano, Falanghina, Pecorino, Greco, Grillo, Nero d'Avolo, Negroamaro and Primitivo this tasting is for you. You're in for a treat as the wines of Italy's Boot & Islands wines are special, great value and just that bit different.
